VINYL WINDOWS

STANDARD FEATURES

- **A fully welded, reinforced PVC frame** delivers superior strength and stability without extra support
- **Tempered, Low-E glass is standard in the top, sloped insulated glass unit**, providing safety and improved energy efficiency
- **Easy-care white and almond vinyl on the interior and exterior**
- **Birch veneer seat board** comes standard
- **An integrated weep system** for enhanced water performance
- **The multi-point locking system** provides a tight seal and added security
- **Standard FlexScreen flexible window screens** are easy to install and remove from the inside. They fit easily into the screen track and conceal the screen frame, providing a larger viewing area.
- **Suitable for new construction and remodeling projects**
- **Standard 17" projection** for all garden windows
- **Jamb depths of 4-9/16", 5-1/4" and 6-9/16" are standard**
- **Limited Lifetime Warranty**

CUSTOM OPTIONS

- **Low-E Glass, Low-E Glass + Argon Gas**
- Custom sizes available:
  - Width: 24" to 72"
  - Heights: 32" to 63"
  - Custom jamb depths to fit many applications
- Optional interior: Oak veneer
- Adjustable glass shelves for added versatility
- A 1-inch-thick, insulated seat board helps prevent heat loss and drafts with a lightweight, water-resistant barrier.
- 5/8" Flat Colonial grilles-between-the-glass are available (in the front fixed glass only)
